## 2013 Glenora Wine Cellars U.S. Vintage Grand Prix WATKINS GLEN INTERNATIONAL

Shortly after leaving Lime Rock Tuesday morning we ran into problems with the motorhome which turned out to be the fuel pump. Fortunately, we had a spare electric fuel pump for the race car which we spliced into the motorhome fuel line. We stayed overnight in Owego, NY and arrived at The Glen at 10:30 Wednesday morning.

Our early arrival gained us an ideal spot in the paddock complete with an electric hook-up.

Tech Inspection was held in the garages. Due to the bad weather at Lime Rock we had to change rear ends here since the bad weather prevented us from making the change before we left Lime Rock. We used the 4:11 for Lime Rock however, *The Glen* required the 3:89.

Chuck Cantwell, Carroll Shelby’s project manager on the 1966 Group II Notchbacks, was at the event. He mentioned that he was actually the first driver to take our car out on the track (Willow Springs) for testing.

Our first practice session was Thursday afternoon. Our best time was a 2:40 which was a good 10 seconds off our best time in 2006.

In Friday mornings Qualifying session Jan was able to get down to a 2:29.6. This time kept us in a pack with Tom McIntyres’ 1968 Penske-Hilton Sunoco Camaro, Christi Edelbrock, in Smokey Unick’s 1968 Camaro and the 1969 Ford Mustang of Marty Beaulieu.

This pack was to be seen swapping positions for the entire weekend.

Reunited are two ex-John Gimbel Mustangs. Our 1966 Shelby Notchback and the 1969 Shelby Boss 302.

## 2013 Glenora Wine Cellars U.S. Vintage Grand Prix WATKINS GLEN INTERNATIONAL DOWNTOWN OLD COURSE RE-ENACTMENT

Franklin Street, Watkins Glen, NY

Due to the unfortunate incident during the 2006 Downtown Old Course re-enactment, passenger seats and seatbelts are now required for the passenger(s) on the trip into town. As we have no passenger seat, I went into town with our good friends Sharon and Steve Francis while Jan drove the car in.

Along with the race cars a section of Franklin Street is reserved for a concours.

Once again it was a terrific turnout in town. The car was left to speak for itself as Sharon, Steve, Jan and I took in the local atmosphere and hospitality.

Historic Trans-Am Group drivers, owners and crew

Saturday there was a Media Lunch for the Historic Trans-Am Group in the Watkins Glen Media Center.

Robert Barg, Bill Kaltschitz, Christina Nelson, Jan Nelson

Besides Jan, there were two other original drivers from the *Golden Years of Trans-Am* at the luncheon. Robert Barg, driver of the #39 Camaro and Warren Agor, driver of the #13 Camaro.

Warren Agor and Chuck Cantwell

Saturday evening we skipped the “SVRA” dinner in favor of a buffet given by Bob Kaufmann of the “Historic Trans-Am Group”. After the buffet dinner Steve Francis picked us up and took us to the Seneca Lodge to top off a great evening. The memorabilia on the walls and ceiling and the honky-tonk piano is something to be seen and heard!
